Finance Department

DEPARTMENT MISSION

The mission of the Finance Department is to provide a framework of support for a financially sustainable future for the County. Within the scope of this mission is the responsibility to establish sound financial policies and internal controls that ensure timely and accurate information is provided to our stakeholders. The Finance Department is committed to providing our internal and external customers with the tools they need to make important decisions.

FACTORS INFLUENCING PROGRAM/SERVICE DELIVERY AND ACCOMPLISHMENTS

Achievement of goals for the 2017 and 2018 fiscal years are as follows:

- Assisted the Administrator to develop the 2018 budget. The County submitted the 2018 budget to the Governmental Finance Officers Association (GFOA) and has received their Distinguished Budget Presentation Awards Program again this year.
- The County has submitted for and been awarded the Certificate for Excellence in Financial Reporting from the GFOA for its Comprehensive Annual Financial Report (CAFR) for 2016. The 2017 report was submitted and we fully expect to win the award for the sixth consecutive year.
- Began implementation of the Munis financial accounting software. This process is ongoing and is expected to be substantially complete in 2018. Ongoing efforts to build out the functionality of the system will continue into 2019.
- Final audit fieldwork was reduced from two weeks to 1.5 weeks. This highlights the organization and accuracy of the staff in the Finance department, especially considering the transition between financial accounting systems that has been ongoing throughout the past year.

Ongoing efforts to consolidate the number of transactions processed by the Finance Department by exploiting the use of our Purchasing Card program will lead to fewer transactions processed in the future.
